

Gas Rate – Code 3M

Small General Service – Special Project

Department of Public Utilities - Orangeburg, South Carolina

Applicable:

To a single-family dwelling unit or individual dwelling units in apartment or other multi-family residential structures served from the Special Project where each unit is served through a separate gas meter. A Special Project is a system expansion project specifically designated as a Special Project by Resolution of City Council and each Special Project will be treated as a separate and distinct Special Project. This schedule is not applicable to a residence that is used for commercial, professional, or any other enterprise unless the domestic use is separately metered.

Term:

This rate shall apply to all bills dated from the commencement date of the Special Project from which the customer is served until expiration date of the Special Project. The commencement date of the Special Project will be the date the first customer connects to the Special Project. The expiration date of the Special Project will occur one month after the cumulative net revenues from the Special Project exceed the initial project cost or the payback period initially established for the Special Project, whichever is less. After the expiration date of the Special Project, customers served from that Special Project under this rate will then be served under Gas Rate 3A.

Monthly Rate:

Customer will pay monthly for service based on separately applied charges for System Gas Supply, Distribution, Customer Service, Weather Normalization, and Distribution Integrity Management Plan components.

Supply Charge:

Customer will pay a monthly charge for system gas supply based on total deliveries to Customer.

Distribution Charge:

Current Code 3A Distribution Charge
PLUS
\$0.375 per therm delivered Distribution Surcharge

Service Charge:

Current Code 3A Service Charge
PLUS
\$3.00 per meter per month Service Surcharge

Weather Normalization Charge:

A Weather Normalization Charge will be assessed during the months of October through April to adjust for fluctuations in consumption due to colder or warmer than normal weather.

Distribution Integrity Management Plan Charge:

A Distribution Integrity Management Plan (“DIMP”) Charge will be assessed on each therm delivered based on eligible DIMP costs incurred by the Department.

Note: “General Terms and Conditions” in effect apply to above.

Effective: October 1, 2014
