

# **Gas Rate – Code 3P                      Large General Service – Special Project**

**Department of Public Utilities - Orangeburg, South Carolina**

## **Applicable:**

To any non-domestic and/or commercial or industrial customer having requirements in excess of 400 dekatherms per month served from a Special Project. A Special Project is a system expansion project specifically designated as a Special Project by Resolution of City Council and each Special Project will be treated as a separate and distinct Special Project. This rate schedule is not available to any customer whose requirements exceed 250 dekatherms per day on 4 or more days during the most recent 12 month period. In order to receive service hereunder, Customer must provide and pay for the cost of suitable communication equipment and power source (including any ongoing monthly charges) for Department installed flow computer and other metering equipment. In order to obtain service hereunder, Customer and the Department shall enter into an Industrial Service Agreement which will specify the term and rates for this service.

## **Term:**

This rate shall apply to all bills dated from the commencement date of the Special Project from which the customer is served until expiration date of the Special Project as defined in the Industrial Service Agreement. The commencement date of the Special Project will be the date the first customer connects to the Special Project. The expiration date of the Special Project will occur one month after the cumulative net revenues from the Special Project exceed the project cost or the term established in the Industrial Service Agreement. After the expiration date of the Special Project, customers served from that Special Project under this rate will then be served under Gas Rate 3C.

## **Monthly Rate:**

Customer will pay monthly for service based on separately applied charges for System Gas Supply, Distribution, Customer Service, and Weather Normalization components.

## **System Gas Supply Charge:**

Customer will pay a monthly charge for system gas supply based on total deliveries to Customer based on the currently effective Gas Rate 3C Gas Supply Charge.

## **Distribution Charge:**

Current Code 3C Distribution Charge

PLUS

The Distribution Surcharge defined in the Industrial Service Agreement

## **Service Charge:**

Current Code 3C Service Charge

PLUS

The Service Surcharge defined in the Industrial Service Agreement

## **Weather Normalization Charge:**

A Weather Normalization Charge will be assessed during the months of October through April to adjust for fluctuations in consumption due to colder or warmer than normal weather.

**Note: “General Terms and Conditions” in effect apply to above.**

**Effective: December 1, 2022**
