Interruptible Service – Special Project

Department of Public Utilities - Orangeburg, South Carolina

Page 1 of 2

Applicable:

As a convenience to Customers who do not desire to transport gas, this Rate Schedule is applicable to any Customer having requirements in excess of 1,000 dekatherms per month who is served from a Special Project and who elects to take service hereunder. Customers served hereunder must have adequate standby facilities to meet requirements in the event of service interruption or curtailment, or takes Contract Service under the Department's Contract Demand Sales Rate Schedule (Rate Code 3E). Service under this Rate Schedule is not available to any Customer who transports gas under the Department's Gas Transportation Rate Schedules (Rate Codes 3G or 3R). Service hereunder is interruptible and may be interrupted or curtailed by the Department at any time. In order to receive service hereunder, Customer must provide and pay for the cost of suitable communication equipment and power source (including any ongoing monthly charges) for Department installed flow computer and other metering equipment. In order to obtain service hereunder, Customer and the Department shall enter into an Industrial Service Agreement which will specify the term and rates for this service.

Term:

This rate shall apply to all bills dated from the commencement date of the Special Project from which the customer is served until expiration date of the Special Project as defined in the Industrial Service Agreement. The commencement date of the Special Project will be the date the first customer connects to the Special Project. The expiration date of the Special Project will occur one month after the cumulative net revenues from the Special Project exceed the project cost or the term established in the Industrial Service Agreement. After the expiration date of the Special Project, customers served from that Special Project under this rate will then be served under Gas Rate 3D.

Monthly Rate:

Customer will pay monthly for service based on separately applied charges for Interruptible Gas Supply, Distribution, and Customer Service components. The monthly rate charged by the Department is intended to equal the rate Customer would pay if Customer contracted directly for interruptible upstream capacity from Carolina Gas Transmission (CGT) and Southern Natural Gas (SNG) plus Department's cost of gas.

Supply Charge:

Customer will pay monthly for all interruptible gas consumed by Customer based on the sum of:

- 1. The price paid by the Department for its system gas supply, as adjusted for losses, plus
- 2. The rate charged per Dth by CGT for interruptible transportation service pursuant to CGT's Rate Schedule IT Zone 1, plus fuel and variable cost, as adjusted for losses, plus
- 3. The rate charged per Dth by SNG for interruptible transportation service pursuant to SNG's Rate Schedule IT Zone 1 to Zone 3, plus fuel and variable cost, as adjusted for losses, plus
- 4. \$0.05 per Dth delivered.

Note: "General Terms and Conditions" in effect apply to above.

Effective: December 1, 2022

Distribution Charge:

Current Code 3D Distribution Charge PLUS

The Distribution Surcharge defined in the Industrial Service Agreement

Service Charge:

Current Code 3D Service Charge PLUS

The Service Surcharge defined in the Industrial Service Agreement

Scheduling:

Customer is responsible for scheduling deliveries with the Department (or the Department's agent) five days before the beginning of each billing month. Should Customer fail to schedule deliveries, the Department will assign a scheduled quantity equal to the quantity previously scheduled by Customer.

Balancing:

Customer is responsible for balancing actual deliveries with scheduled quantities on a monthly basis. To the extent Customer's failure to balance actual deliveries with scheduled quantities contributes to any penalty or additional cost to the Department, Customer shall reimburse Department for such additional cost.

Unauthorized Deliveries:

The Department retains the right to discontinue interruptible service on one-hour's notice for as long as necessary to protect economic deliveries to its firm customers. During periods of interruption or curtailment, all deliveries to the Customer in excess of any Contract Demand that the Customer may have for Contract Demand Service will be considered unauthorized. Unauthorized Deliveries will be subject to a daily Cost of Gas (as defined at time of curtailment (in addition to all other charges) a \$25.00 per dekatherm penalty plus any penalty or other charges incurred by the Department attributable to Customer's failure to limit deliveries to authorized levels. The above Competitive Pricing Provision will not apply to Unauthorized Deliveries.

Cost of Gas will be defined as the highest price shown among Transco points and South Louisiana-Southern Natural in the "AVG" column of the cash market price table published in the NGI Daily Gas Price Index.

Note: "General Terms and Conditions" in effect apply to above.
