

Electric Rate – Code 2X Interdepartmental Interruptible Service

Department of Public Utilities - Orangeburg, South Carolina

Application:

To any Department of Public Utilities Division for all power and energy used at any one location where service of a single character is taken through one meter and is for those services that operate only during off peak periods or that have standby capacity.

Character of Service:

Alternating current, 60 cycle, three-phase service. Voltage at the option of the Department.

Monthly Rate

Supply Charge:

Current off-peak supply charge will be applied to this rate schedule. The supply charge includes transmission and power supply related costs incurred by the Department.

Distribution Charge:

Off-Peak Charge - \$0.03032 per kWh

Service Charge:

\$171.00 per meter per month

Note: “General Terms and Conditions” in effect apply to above.

Effective: October 1, 2023
